

Push Back the MEAP, Bring Forward Real Learning

Is this the type of education we want our children to experience?

The Rouge Forum and the Whole Schooling Consortium think that public schools can do better than standardized education and testing. We invite you to participate in a “teach-in” to discuss and plan ways to push back the MEAP and bring forward real learning.

Some questions to be addressed:

- What do we know about the impact of standardized education and testing upon meaningful learning, the mental health of children, and the culture of schools?
- Where do we go from here and how do we get there?

When: February 2, 2001; 10:00-3:00 PM

Where: Wayne State University, Undergraduate Library,
3rd Floor, Community Room
